- Throw out broken, incomplete and inexpensive toys that are low quality *unless extremely loved*

CHILDREN ARE HAPPIER, MORE CREATIVE AND PLAY BETTER WITH LESS TOYS

- Create boundaries

- Categorize toys by type (Cars, blocks, dolls, etc.)
- Ensure your storage solutions accommodate your categories

ADD CONTAINERS, COLOR, LABELING AND ZONES TO PROMOTE CREATIVITY AND RESPONSIBILITY

- Decide what toys to keep

- Teach your kids to edit the amount in each category
- Create a game that helps them identify their favorite toys (This or That) (Toy Memory)
